4. FIRST AID MEASURES

Description of first aid measures

General advice Get medical advice/attention if you feel unwell.

Eye contactIF IN EYES:. Immediately flush with plenty of water. After initial flushing, remove any
contact lenses and continue flushing for at least 15 minutes. If eyelids are bonded closed,
release eyelashes with warm water by covering with a wet pad. Do not force eyes open. If

	eye irritation persists: Get medical advice/attention.		
Skin contact	IF ON SKIN:. Wash off immediately with soap and plenty of water while removing all contaminated clothes and shoes. Allow warm water to penetrate the bond and gently attempt to move bonded areas without pulling the skin away from bonded area. If skin irritation persists, call a physician.		
Inhalation	IF INHALED: Remove victim to fresh air and keep at rest in a position comfortable for breathing. If symptoms persist, call a physician.		
Ingestion	IF SWALLOWED:. Do NOT induce vomiting. Never give anything by mouth to an unconscious person. Call a physician.		
Self-protection of the first aider	Use personal protective equipment as required.
